## The Rest Of This Message Is All About Sex!

If the subject of sex embarrasses you... or... if your religion teaches you sex is bad... or... if the idea of having extremely good sex offends you... please... stop reading right now.

However, if you've ever dreamed of discovering all the little-known secrets of truly great sex (less than 1 out of 10,000 people know about this)... well... if that's the case...

experts pass on bad information to the public, all it does is keep this country in the *Dark Ages* about sex!

The people who make porno movies are the worst of all. They represent the *lowest common denominator* of sexual pleasure. Anyone who believes they can learn really good sexual techniques from so-called "adult" videos is making a serious mistake. And, any product using this kind of pornography under the guise of "education" is wasting your time... if... you *truly* want to improve your ability and your pleasure.

It's a mess out there: Millions of people are dying to get their hands on honest, real-life information about improving their sexual skills... and... all they get for their hard-earned money is junk.

It's just not fair. However, here is...

## The Most Exciting Sex News In Years!

Listen: About ten years ago, I spent the equivalent in today's money of about \$65,000 to go to a workshop in Northern California which was run by

who... have learned how to take sex to the highest level possible. Many of these people are medical doctors and serious researchers... but... they can only reveal their secrets in small "underground" teaching facilities. However, the couples and lovers who learn and apply these techniques to their own sex lives get... *another... big and unexpected* advantage. Namely...

## A New Feeling Of Solid Confidence, Peacefulness And Sheer Joy Seems To Come Flooding In To Every Other Area Of Their Lives!

In other words, using the secrets of exciting and explosive sex... also... acts as a foundation for super-charging every other part of your life. It's as if increasing the quality of your sex life... is a *springboard...* that can send you rocketing to other areas of satisfaction and pleasure you could never get to before.

*"...very specific secrets a lover can use to give their partner the best sex of their lives..."*

then... this will be the most exciting message you will ever read.

Here is why: Thanks to the new "openness" about sex that is sweeping the country, your *normal* desire to learn more (about sex) is now shared by millions of other people. Recently, in the last few years, it has become "OK" to admit *everyone* (at least, everyone who is mentally healthy) wants... and *deserves...* to have a super exciting sex life. On all levels of society, people just like you are *eager* to put their sex lives into high gear.

And, if your "animal intuition" is working at all, you already know, deep down, that a fabulous sex life is the *foundation* of a good, deeply-satisfying existence!

There's just one small problem: Who can you trust when you finally decide to look for the new secrets of how to have the best sex of your life? The truth is, the field of better sex is so new even most of the so-called "sex experts"... *don't have a clue...* about the world-class techniques of over-the-top, truly astonishing sex.

It makes me angry.

You see, nearly every "sex information" product I've seen on the market is nothing more than...

## A Silly Attempt To Pass Off Bad Pornography As Real Sexual Technique!

Most of the so-called "experts" you see and hear on television... *do not know anything...* about giving sustained, maximum pleasure by using *truly superior* sexual techniques. In fact, their only real advice for improving your relationship is to increase "communication" between you and your partner.

That's fine, as far as it goes. However, it doesn't go very far... because...

## No Real Communication Can Exist Where There Is Continued Sexual Frustration Due To Lack Of Technical Skills!

Anyone can call themselves a "sex expert." But, not one expert in a thousand ever learns *anything new* about sex after their teenage years. And, when these

other doctors. This workshop was on how to increase the frequency and quality of human orgasms. In short, it was all about how to have *unbelievably good* sex. The first couple of days, the doctors running the workshop just "talked at" the audience. They explained male and female anatomy in a very detailed way. Then, they explained *how* to have better sex. Then, they brought out a man and a naked woman... and...

## They Demonstrated How To Have Peak Sex!

Using their techniques, a woman can have a *continual* orgasm that lasts more than an hour... and... a man's can last as long as 15-minutes.

I went home stunned.

And excited. I've used all my spare time over the last decade to improve and refine those *already spectacular* techniques I had learned at the workshop. After all this research, I now know things about sex I'd never even guessed about. Here are some of my amazing discoveries:

First, I've learned that 99.9% of all people stop learning about their own sexuality at about 19 years of age. This means, most adults... *in spite of having years of experience...* have only the same amount of sexual skill... *as they did when they were teenagers!*

Second, I've discovered the sexual skills most people *do* learn are... *no better...* than what our parents and grandparents knew. This is true in spite of the so-called "sexual revolution" and, all the steamy stuff that comes out of Hollywood. In fact, the "Ignorance Level" of almost everyone on the subject of sex remains... *below amateur!* (NOTE: Many of my clients who considered themselves "decent" lovers were surprised to learn they barely registered above *adequate...* when... they were compared to *truly skilled* lovers.)

Third, I've learned that, because of the different (very different) nature of men and women's sexual needs... *most* sexual advice... is... *actually harmful!*

Finally, I've discovered there are a small handful of people...

world before now? Plain old human nature: The few lucky ones who learned these secrets just don't want everybody else to know about them. After all, being the best lover around... *for real...* gives these people an incredible advantage... *in all areas of life!*

And, as I explained earlier, most people are under the illusion they already "know enough" about sex to get by.

It's just not true. You see, as human beings, it is our animal nature to *naturally* be very highly sexed. In fact, we are almost *12 times more sexual* than the nearest mammal. Think about it: Chimpanzees, for example, only go into "heat" once a month. But, as human beings, we are capable of enjoying a loving sexual relationship 24-hours a day. No matter what we have been taught, all of us know... in our heart-of-hearts...

## It Is Our Birthright To Have Good Healthy Sex In A Good Healthy Relationship!

You also know, if your sex life is miserable, everything else in your life can suffer horribly. Fortunately, this is the 1990's and finally... *we don't have to apologize anymore for wanting better sex.* But, what most of us *desperately* need is information and advice... *we can trust...* to guide us through all the nonsense out there.

That's why I have created an amazing new video revealing sexual secrets you could never find anywhere else. This new video teaches you how to "jump start" your new sexual skills overnight... and...

## There Are No Excuses For The Way It Is Presented!

What you get here is... *the real thing...* healthy and *healthily hot* sexual instruction and real life technical skills unavailable anywhere else on earth. Here's just a taste of what this video reveals:
