(UMS) – The Free TV Hotlines are ringing off the hook.

That’s because Chicagoland area residents who find their zip code listed in today’s publication are getting Free TV thanks to an amazing new invention called the Clear-Cast™.

Chicagoland area residents who get the Clear-Cast by calling the Free TV Hotlines before the 48 hour order deadline ends can get over 953 crystal clear over-the-air digital TV shows each year for free and get rid of their cable or satellite bills.

This is all possible because a U.S. federal law makes TV broadcasters transmit their signals in a digital format, which allows everyone to receive digital broadcast signals for free with no monthly bills.

These are the over-the-air broadcast signals that the cable and satellite companies get and then re-transmit to you for a hefty charge every month.

Here’s how it works. The Clear-Cast’s advanced design links up directly to receive local and national shows being broadcast in your area. This allows people everywhere to bypass the cable and satellite middleman and get crystal clear digital and high definition over-the-air broadcast signals free of charge.

Clear-Cast was invented by Dr. Argy Petros, a renowned NASA Space Technology Hall of Fame scientist who currently holds 22 U.S. Gov’t issued patents. For the past 20 years, he has specialized in developing antenna systems for NASA, Motorola, XM Satellite Radio and companies around the world.

His newest invention, the Clear-Cast, is a razor-thin indoor digital HDTV antenna that delivers picture-perfect reception without a cable or internet connection, without a satellite dish and without any monthly bills.

“I invented the Clear-Cast digital HDTV antenna because I just don’t think people should have to keep paying for TV when they can get it for free,” said Dr. Petros.

“Nobody needs to pay for hundreds of channels and thousands of shows they really never watch when the Clear-Cast may give you up to 53 channels and up to 953 shows to watch for free with no monthly bills. That’s why people everywhere can cancel their cable or satellite bills and save hundreds of dollars every single year,” he said.

“People who get the Clear-Cast will say it feels like getting an extra paycheck every month. That’s because it doesn’t pull in those expensive cable and satellite-only pay channels so all the money you were spending on cable and satellite bills will go back in your pocket every month,” Dr. Petros said.

And here’s the best part. With the advanced design of the Clear-Cast antenna you’ll get the channels being broadcast in your area for Free with no monthly bills.

That way you can channel surf through the favorite TV shows. The number of shows and channels you’ll get depends on where you live. People living in large metropolitan areas may get up to 53 static-free channels, while people in outlying areas will get less. That means even if you’re in a rural area that just pulls in NBC, ABC, CBS, FOX and PBS broadcasts there’s up to 953 shows each year to watch for free.

The picture quality with the Clear-Cast in many cases is actually better because cable and satellite companies compress their bandwidth depending on the channel. This compression can result in a loss of picture definition and detail. This does not happen with Clear-Cast because you get virtually all pure uncompressed signals direct from the broadcasters for free.

Clear-Cast was engineered to link up directly to local and national broadcasts like a huge outdoor directional antenna but in a lightweight, slim-line package. Its sturdy copper alloy and polymer construction will most likely far outlast your TV.

It just couldn’t be any easier to get Free over-the-air digital TV shows with the Clear-Cast. Simply plug it into your TV and place the Clear-Cast on a window pane. It works on virtually any model TV and is easily hidden out of sight behind a curtain or window treatment.

Thousands of Chicagoland area residents are expected to call to get the new Clear-Cast because it just doesn’t make any sense to keep paying for TV when you can get hundreds of shows absolutely free.

So, Chicagoland area residents lucky enough to find their zip code listed in today’s publication need to immediately call the Free TV Hotlines before the 48 hour deadline ends to get the Clear-Cast that gives everyone Free TV. If lines are busy keep trying, all calls will be answered. ■

■ **ILLINOISANS GET FREE TV:** FedEx trucks are being loaded with thousands of new Clear-Casts and they will soon be delivered to lucky Chicagoland area residents who live in one of the zip code areas listed in today’s publication. Everyone is getting the Clear-Cast because it can eliminate cable or satellite bills and pulls in up to 953 crystal clear over-the-air digital TV shows for free with no monthly bills.

Today's announcement by Brilliant Built Technologies has the Free TV Hotlines ringing off the hook.

That's because U.S. residents who find the first two digits of their zip code listed in today's publication are getting Free TV Channels thanks to an amazing razor-thin invention called Clear-Cast™.

U.S. residents who call the Toll Free Hotlines before the 48-hour order deadline to get Clear-Cast can pull in free TV channels with crystal clear digital picture and get rid of cable and satellite bills.

This announcement is being so widely advertised because a U.S. Federal law makes TV broadcasters transmit their signals in digital format, which allows everyone to receive these over-the-air digital signals for free with no monthly bills.

These are the over-the-air broadcast signals that the cable and satellite companies get and then re-transmit to you for a hefty charge every month.

Here's how it works. Clear-Cast's advanced integrated micro antenna technology links up directly to receive free local and national shows being broadcast in your area. This allows everyone to bypass the cable and satellite middleman to pull in free over-the-air channels with crystal clear digital picture; then you can eliminate all the cable and satellite only channels and never pay a bill again.

Clear-Cast was invented by Dr. Argy Petros, a renowned NASA Space Technology Hall of Fame scientist who currently holds 23 U.S. Gov't issued patents.

His latest patent-pending invention, Clear-Cast, was engineered to pull in the free TV signals through technically advanced integrated micro antenna technology without a cable or internet connection, without a satellite dish and without any monthly bills.

"I invented Clear-Cast because I just don't think people should keep paying for TV when they can get it for free," said Dr. Petros.

"There's never a monthly bill, you get free channels with Clear-Cast and you won't pay for hundreds of channels you never really watch. So it's like comparing apples and oranges since Clear-Cast is not cable or satellite. Clear-Cast pulls in free over-the-air broadcast channels and hundreds of free TV shows with crystal clear digital picture and no monthly bills," Dr. Petros said.

"That's why Clear-Cast is such a great alternative for everyone who is sick and tired of paying expensive cable and satellite bills every month," he said.

"People who get Clear-Cast will say it feels like getting an extra paycheck every month. You see, with Clear-Cast you'll receive free over-the-air broadcast channels with crystal clear digital picture, not the cable or satellite only channels. So being able to eliminate those channels puts all the money you were spending back in your pocket every month," Dr. Petros said.

And here's the best part. With Clear-Cast you'll get the channels being broadcast in your area for Free with no monthly bills.

That way you can channel surf through the favorite TV shows. The number of shows and channels you'll get depends on where you live.
